iTunesU	http://www.apple.com/education/itunes-u/	If you're an educator at a university, college, or K-12 school, now you have an easy way to design and distribute complete courses featuring audio, video, books, and other content. And students and lifelong learners can experience your courses for free through a powerful new app for iPad, iPhone, and iPod touch.	Take a class from Harvard, look at other teacher's materials, find materials for remediation or acceleration. Love it! All material can be used on your iPad/iPhone/iPod	Apple
Crayola Coloring Page Archive	http://www.crayola.com/free-coloring-pages.aspx	100s of coloring pages from Crayola. All are high quality and free.	I love that the put whatever the current holiday is on the front page- huge time saver!	Art
Draw a Stickman	http://www.drawastickman.com/	Draw a stickman. Watch it come to life.	Love this site! I have used it with kindergarteners all the way to high school students. Your drawings are instantly animated!	Art
Drawing Canvas	https://wbx-files.s3.amazonaws.com/jacksonpollock_by_miltos_masetas.swf	Splat painting at its best. Every time you click your mouse you get a new color.	My elementary students LOVED this site. Splat painting without any mess!	Art
Google Art Project	http://www.googleartproject.com/	Explore collections from around the world with thousands of artworks photographed in extremely	Don't have the cash to take your entire class to see an original VanGogh? This is the way to go- there are virtual	Art

Name	Address	What is it?	Why I Love it?	Category
		high resolution.	tours from over 50 museums worldwide.	
RubiStar	http://rubistar.4teachers.org/	RubiStar is a tool to help the teacher who wants to use rubrics, but does not have the time to develop them from scratch.	I like that this sites gives you a great start to creating useful rubics. You can customize the rubric to fit your exact needs	Assessment
Audacity	http://audacity.sourceforge.net/	Audio editor for recording, slicing, and mixing audio.	We used this to prerecord tests for our special education students. Fairly easy to use	Audio
Me Maker	http://memaker.org/#	A downloadable program that allows students to create an avatar that looks like them. This can be saved and used for other purposes 	Use these avatars to add to students work at times when you are not allowed to use their pictures. Besides it is one of the neatest things for a young child to see a cartoon version of themselves.	Avatar
Voki	http://www.voki.com/	Create custom speaking avatars	I have used this site for many purposes- one of my favorites it to allow student to act as though they are a character in a book and have them speak with a different voice. It works great for the students afraid of public speaking or to record directions that you don't want to have to repeat multiple times.	Avatar

Free Tech for Teachers	http://www.freetech4teachers.com/	A blog of a Massachusetts teacher who is very techy. He shares any free resource he finds that could be beneficial in a K-12 setting.	Updated 5+ times a day this is my number 1 go to site. There are also a ton of free ebooks and tutorials for teachers- has a strong Google focus.	Blog
Technology Rocks Seriously	http://www.technologyrocksseriously.com/	Blog by an elementary teacher where she shares free printable signs for the classroom and home as well as alphabet letters, numbers, and more.	In my office at W-G I had an entire bulletin board of her materials. I love the quotes- super colorful and all you need to is print. (And laminate, cut, matte, ect. If you are anything like me!)	Blog
Classroom Organizer	http://classroom.booksourc.com/	Classroom Organizer is a free web-based program that allows users to maintain and inventory books in their classroom library.	This program can be downloaded as an app so you can search the titles of books you already own on the go. It also allows you to import a student roster and then students can check out books in the same manner as in a public library.	Books
Popplet	http://popplet.com/	Brain mapping tool available online and on your iPad/iPod.	Very simple to use- students need little to no instruction. You can add pictures, text, links, and more	Brain Mapping
Scratch	http://scratch.mit.edu/	Scratch: a programming language for everyone. Create interactive stories, games, music and art - and share them online.	This download is intended for elementary and junior high students to begin to learn the basics of computer programming. It gives and understanding that it is the programming that makes a character run, jump, and move.	Computer Programing
10x10	http://www.tenbyten.org	Website that displays the	Can we say current events!	Current Events

Name	Address	What is it?	Why I Love it?	Category
	/10x10.html	top 100 news stories of the past HOUR!	Have each student pick a news story of the hour to read and report on.	
Google Docs	https://docs.google.com	Google Docs is a free, Web-based word processor, spreadsheet, presentation, form, and data storage service offered by Google. It allows for collaboration between many people on the same document.	Free online word processor. I love the research bar where you can search the web directly insert text and pictures and it adds the citation for you. The revision history is also very handy because you can see who changed what and at what time.	Documents, Collaboration, Google
Wordmark It	http://wordmark.it/	This site uploads all of the fonts you have on your computer and lets you preview a word in every single font. You can customize the size and color of the displayed word.	Gone are the days of changing a font 100 times to find just the right one. I love that I can look at all of my fonts at one time. Huge time saver 	Font
DaFont	http://www.dafont.com/	Archive of freely downloadable fonts. Browse by alphabetical listing, by style, by author or by popularity.	100s of fonts for free! I have tons of these downloaded on my computer. Check the font license before you use it on something you plan to sell	Fonts
Fonts for Peas	http://www.kevinandamanda.com/fonts/	Fonts for Peas is home to over 500 of the cutest and most unique handwriting fonts on the 'net!	Love this for when you want something to have an old fashion handwritten touch but still be legible and digitally available. They have an option	Fonts

			to download all of the fonts at one time	
Google Forms	http://www.google.com/gooole-d-s/forms/	Collect RSVPs, run a survey, or quickly create a team roster with a simple online form. Then check out the results, neatly organized in a Google spreadsheet.	I use this all of the time. We have used it for homecoming voting, RSVPs for who is coming to a training, tests (it has a self grading script). The results are automatically analyzed and gives you pie graphs that analyze the data.	Forms, Data, Google
Google Earth	http://www.google.com/earth/index.html	Google Earth lets you fly anywhere on Earth to view satellite imagery, maps, terrain, 3D buildings, from galaxies in outer space to the canyons of the ocean.	Virtually explore anything. I like to pick a location and take a walk through that community. I especially enjoy the timeline feature where you can look at the material from long ago.	Geography, History, Google
Google Alerts	http://www.google.com/alerts	Google Alerts are email updates of the latest relevant Google results (web, news, etc.) based on your queries.	I have this set up for my name, e-mail, website address, children/spouse names. I love that whenever I'm mentioned or someone uses something that I have made I get an e-mail about it. Helps you to keep a tab on your online presence.	Google, Alerts
Ben's Guide to Government	http://bensguide.gpo.gov/	Teaches kids from kindergarten through 12th grade about the federal government , from the U.S. Government Printing Office.	A very simple site that breaks government concepts in to 4 grade level bands. Each has games and activities to help achieve mastery of the concepts	Government
The Living Room Candidate	http://www.livingroomcandidate.org/	View the commercials from each campaign from both political parties. A written transcript is	With an election year upon us, this site can be an extremely	Government, Politics

Name	Address	What is it?	Why I Love it?	Category
		provided with each commercial. Provided along with each video is an overview of the political landscape of at the time of the campaigns. Visitors to the website can search for commercials by election year, type of commercial, or by campaign issue.	valuable resource. I especially like the feature that gives you an outline was happening in our county at the time- giving the commercials more meaning.	
America in Class- Primary Sources	http://americainclass.org/sources/	A Collection of Primary Resources- historical documents, literary texts, and works of art- thematically organized with notes and discussion questions	It is helpful that the resources are divided by eras. Starting with American beginnings in 1492 proceeding to Becoming Modern in 1929 there is something for everyone. The discussion questions and topics are an added bonus.	History
Who Am I?	http://americanhistory.si.edu/militaryhistory/resources/whoami/whoami.html	History Mystery. You are given clues and evidence to guess who the mystery person is.	I like that this isn't just the typical historical figures.	History
The Civil War in Four Minutes	http://www.maniacworld.com/civil-war-in-four-minutes.html	Shows the progression of the Civil War in just 4 minutes. Each second is equal to one week.	This helps students to get a good understanding of the give and take of the war and the results that certain battles had on the result of the war.	History, Civil War
History Pin	http://www.historypin.com/	Historypin is a way for millions of people to come together to share glimpses of the past and build up the story of human history. Compare a picture from the past to today with Google Street View. You can also search for pictures by year,	This is so fun! It is interesting to see the same place a decade later at time the same building is there with different cars, etc. in other pictures the building has been torn down and the landscape is completely different	History, Photographs, Geography, Google

Name	Address	What is it?	Why I Love it?	Category
		location, or both.		
The Travel Film Archive	http://www.travelfilmarchive.com/home.php	A collection of hundreds of travel films recorded between 1900 and 1970. The films were originally recorded to promote various places around the world as tourist destinations. In the archives you will find films about US National Parks, cities across the globe, and cultural events from around the world.	It is interesting to see how the places have changed in the last several decades as well as what the major attractions were.	History, Travel
Easel.ly	http://www.easel.ly/	Create your own infographics by dragging and dropping premade elements or making your own on one of their themes.	Infographics are all of the rage. I like this one because it seems to be very simple. Your finished project can be exported in various formats for printing and sharing.	Infographics
World Mapper	http://www.worldmapper.org/	Worldmapper is a collection of world maps, where territories are re-sized on each map according to the subject of interest.	This site shows the world in a whole new light. It is very interesting when you see where the majority of the world	Information Analysis
How Big Really?	http://howbigreally.com/	Ever wondered how big the Great Wall of China really is? How long is the Space Shuttle launch pad? Wonder no more! Have a look at How Big Really	This site will take the dimensions of a building, event, place and lay it over the area you live. So you can see in an easier to understand way of how big these places really are.	Mathematics
MathMovesU	http://www.mathmovesu.com/	MathMovesU Games are designed to engage middle-school students with math.	Fun interactive games help to make the difficult math concepts easier to grasp	Mathematics

Name	Address	What is it?	Why I Love it?	Category
		Play in a mathematical virtual world of music, sports, fashion and travel		
National Library of Virtual Manipulatives	http://nlvm.usu.edu/en/nav/vlibrary.html	A digital library containing Java applets and activities for K-12 mathematics.	Need pattern blocks? Coins? Spinners? Base Ten Blocks? Fraction Pieces? No problem. The NLVM has you covered all of these are only a click away.	Mathematics
Number Gossip	http://www.numbergossip.com/	Enter a number and I'll tell you everything you wanted to know about it but were afraid to ask.	You get a list of unique properties, common properties, and rare properties of each number. Ex: 4 is the only number in the English language for which the number of letters in its name is equal to the number itself.. who knew?	Mathematics
Ribbon Hero 2	http://www.ribbonhero.com/index.html	You've tried games that test your card playing, your imaginary farming skills, and your ability to hurl small birds. Finally there's a game that will make you better at something that matters. This game helps you to become proficient at Microsoft Office	Everyone thinks they are fairly proficient at Word, PowerPoint and Excel but this game that you download onto your computer takes your skills to the next level.	Microsoft Tools
CNN Student News	http://www.cnn.com/studentnews/	National and world news with background material, activities, discussion starters and teaching guides.	This reminds me of Channel One, but an updated sleeker one. Daily News for High School and Jr. High Students	News
Flocabulary: The Week	http://flocabulary.com/the-week-	What's The Week in Rap?	The news in an enjoyable	News, YouTube

in Rap	in-rap/	Each Friday The Week in Rap brings you: A current events music video; News summaries; Links to full news stories; Activities and	format for Jr. High and High School Student. The weekly rap is now a paid subscription but they do offer several videos for free on their YouTube Channel. http://www.youtube.com/user/FlocabularyYT/videos	Alternatives, YouTube Channel
Pinterest	http://pinterest.com/	A content sharing service that allows members to "pin" images, videos and other objects to their pinboard. Also includes standard social networking features	One of my favorite past times! This site allows you to connect visually to educators/people worldwide. I love that it is a visual link so you can see the end product or process. Follow me at http://pinterest.com/leahbernice/	Online Community
Teachers Pay Teachers	http://www.teacherspayteachers.com/	TeachersPayTeachers.com -- 180000 free and priced teaching resources created by teachers for download including lesson plans, unit plans, novel studies and more.	At first I was VERY hesitant to use this site. But I have started to use many of the free resources on here and am starting to love it. It is nice because you can get the materials you need almost instantly from people who are teaching the same subjects with the same materials.	Online Community
Partners in Learning (Microsoft)	http://us.partnersinlearningnetwork.com/Pages/default.aspx	A Microsoft online community to connect educators worldwide, share lesson plans, programs and ideas.	My favorite part of this site is the tutorials. Need to learn something quick? Lots of tutorials and overviews. There is also some free software available to all educators.	Online Community, Microsoft
Verizon Thinkfinity	http://www.thinkfinity.or	AWESOME site. Partner with	The best part about this site is	Online Community,

Name	Address	What is it?	Why I Love it?	Category
	g/	INFOhio. Videos, interactive, lesson plans, online discussions- so much here.	that they are continually adding more. Every time I visit there is something new and everything seems to be very high quality.	Verizon
Podomatic	http://www.podomatic.com/login	Best mixes on planet Earth. DJs, radio, performing artists, educators, and more. Get a free podcast, share your faves. Only on PodOmatic .	Definitely the easiest way I've found to create a podcast straight to the web.	Podcasts
Animoto	http://animoto.com/	Animoto turns your photos and video clips into professional video slideshows in minutes. Fast, free and shockingly simple - we make awesome easy.	Simple presentation tool. Upload you pictures, pick a song and you have a movie. 😊	Presentations
Glogster	http://glogsteredu.edu.glogster.com/	Express yourself with the ultimate Glog(TM) - graphic blog. Mix Web, Images, Text, Music and Video. Interactive poster maker	I used to love this site more than I do now... it was free up until this year. Also, when using it be sure to direct students to the edu version, there is some questionable material on the regular version.	Presentations
Prezi	http://prezi.com/	Prezi is a web-based presentation application and storytelling tool that uses a single canvas instead of traditional slides. This tool is free if you have an e-mail address from an education facility.	Prepare to amaze your audience. This tool is great for me because it is cloud based meaning you can access your work from any where with internet access. This eliminates being nervous about what version someone has or if they use a Mac or a PC.	Presentations

Name	Address	What is it?	Why I Love it?	Category
Google Presentations	http://www.google.com/goo-gle-d-s/presentations/	Not only does it have everything you need to pull together an awesome presentation, but you'll never have to hit "save" again. You'll also never have to look for the latest version, because there is only ever one.	In my opinion the best use of this is in a classroom. Each student can take a slide and create a collaborative presentation. It also give the teacher to see who contributed what part.	Presentations, Collaboration, Google
Photostory	http://www.microsoft.com/en-us/download/details.aspx?id=11132	Microsoft Photo Story is a free application that allows users to create a visual story (show and tell presentation) from their digital photos.	A basic slideshow that allows you to add text, music, and audio to your slides. Great for end of the year gifts	Presentations, Slide Show, Microsoft
Random Name Picker (Class Tools)	http://www.classtools.net/education-games-php/fruit_machine	Type or copy your classlist and it will provide a link where the fruit machine or a typewriter will pick the student's name.	I love that this site allows for you to eliminate a name after it has been chosen. My students have always loved this and it helps me to always be fair.	Random Name Generator
Earobics- Game Goo	http://www.earobics.com/gamegoo/index.html	Earobics provides a research based, comprehensive reading intervention program that helps improve reading proficiency, reading skills, and reading	Practicing letter recognition, poetry concepts, identifying antonyms and synonyms, letter sound correspondence and more- this site is sure to be hit among your younger students.	Reading
Guy's Read	http://www.guysread.com/	Guys Read, a web-based literacy program for boys founded by author and First National Ambassador of Young People's Literature Jon Scieszka.. Our mission is	Awesome site- It has lists of books that guys love, short stories, ghosts, sports, dragons, robots, funny, cartoons, etc. I like that it is a go to site instead of guessing you get proven books	Reading

Name	Address	What is it?	Why I Love it?	Category
		to help boys become self-motivated, lifelong readers.		
Storycove	http://www.storycove.com/index.php/read-a-longs	A collection of 22 leveled books featuring folktales from cultures around the world. Each story is carefully selected from the world's oral traditions, then edited and illustrated to actively engage a young reader's imagination.	The read along portion is 100% free. A few of the other sections have for purchase products.	Reading
Storyline Online	http://www.storylineonline.net/	Stories read by famous actors with accompanying lessons and activities	Want to hear Betty White read you Harry the Dog? Here's the place! Seriously though, super cool site.	Reading
Fact Monster	http://www.factmonster.com/	Fact Monster is a free reference site for students, teachers, and parents. Get homework help and find facts on thousands of subjects.	A great tool to help with homework, browse topics and information or play games. Tools include math flashcards, conversion calculator, periodic table, thesaurus, encyclopedia and more.	Reference
The Jason Project	http://www.jason.org/public/whatis/start.aspx	The JASON Project connects students with scientists and researchers in real- and near-real time, virtually and physically, to provide mentored, authentic and enriching science learning	One of my favorite science sites! It connects real life practicing scientists with students. Many times throughout the year they have opportunities to skype with an astronaut who just returned	Scienc

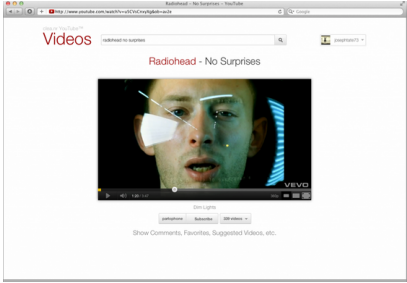

Name	Address	What is it?	Why I Love it?	Category
		<p>experiences.</p> <p>JASON and its partners create these connections using multiple platforms and technologies, including award-winning, standards-based classroom curriculum developed with NOAA, NASA, National Geographic Society and others; after-school and out-of-school activities; camp experiences; and exploration programs for museums, aquariums, libraries and community centers. The result is a year-round continuum of classroom and out-of-classroom learning.</p>	<p>from space, the scientist who discovered the Titanic, and many more. Love this resource!</p>	
Poke-A-Muscle	http://www.anatomyarca.de.com/games/PAM/PAM.html	<p>Poke-A-Muscle is designed to help the learning of the major superficial muscles of the body. Hunt for muscles with an x-ray scanner and poke the right muscles with your finger. There are 10 stages in all that will challenge most students of anatomy</p>	<p>I most defiantly need to review this! But it will keep the attention of students.</p>	Science, Anatomy
Whack-A-Bone	http://www.anatomyarca.de.com/games/WAB/WAB.html	<p>An arcade style game to learning the bones in the body</p>	<p>Beware it is very addicting! I like that the levels get increasingly difficult- and my scores let much to be desired- but I wanted to keep going!</p>	Science, Anatomy

Name	Address	What is it?	Why I Love it?	Category
			Loved everything except the background music!	
The Science of Baseball	http://www.exploratorium.edu/baseball/index.html	What do science and baseball have to do with each other? This site discusses the physics of hitting a baseball and discusses some of the factors that lead to success or failure. There are other simulations and fascinating insights to the game.	Sponsored by some of baseball greats, this site is sure to have something that will hook you sports lover into science. The step by step guides to throwing a curve ball and other baseball tasks are nice.	Science, Sports
WolframAlpha	http://www.wolframalpha.com/	The smartest search knowledge database there is. Input any topic or math problem and it will give you all of the important information on the topic in a convenient table.	When I searched Albert Einstein, I was given his full name, date of birth and death, a picture, timeline, notable facts and achievements all on in one table displayed on one page. Talk about making research reports more manageable	Search Engine
Skype in the Classroom	http://education.skype.com/	Using this site, you can meet new people, talk to the experts, share ideas and create amazing learning experiences with teachers from around the world.	Through this site, my class was able to Skype with a Park Ranger from Yellowstone National Park. It was amazing! Free and Powerful... Why not?	Skype, Microsoft

		online, age-appropriate, story drawing tool supports the development of storytelling skills.	middle, and end.	
YouTube Time Machine or YTTM (Not owned by of affiliated with YouTube)	http://yttm.tv/	YTTM is a video archiving site that picks the most memorable commercials, political ads, movie previews, current events, and more from a specific year.	This free website allows you to see an Apple computer ad from 1984 as well as hear the first recorded sound from 1860. Doing a project on the year you were born, a decade, or a person- this site is perfect!!!!	You Tube Alternative
A Cleaner Internet (Formally a Cleaner YouTube)	http://clea.nr/	Chrome Internet Browser Extension. Turns YouTube into 	I LOVE, LOVE, LOVE this! It gets rid of all of the video suggestions on the side, comments, and all of the clutter and turns it into a white screen where all you see is the movie. You no longer have to worry about what is going to pop up on the side. Side Note: Sometimes I want the video suggestions etc. especially when I'm trying to find the best movie so I only have this installed for Chrome and then use Firefox to search for the movies and Chrome to show the videos to the students	YouTube
YouTube for Schools	http://www.youtube.com/schools	Bring the power of video to your classroom for free. Access thousands of free high quality educational videos on YouTube in a controlled	I hope that this becomes a resource that is not blocked by schools. All of the educational videos none of the stuff that isn't	YouTube

Name	Address	What is it?	Why I Love it?	Category
Vimeo	http://vimeo.com/	environment. Vimeo is the home for high-quality videos and the people who love them.	Very similar to YouTube but without any ads	YouTube Alternative
Snag Learning	http://learning.snagfilms.com/	Snag Learning offers free access to high quality documentary films from notable producers like National Geographic and NOVA. Snag Learning categorizes documentaries by grade level and content area. Additionally, Snag Learning offers a series of guiding questions for each film.	I watched a video on what happens to the clothes that we donate to Goodwill. Although some of it goes to your local store, a large majority is shipped over seas where it is sold by the ton. It reminded me of a black market type operation. I enjoy it because it exposes me to documentaries that I wouldn't normally see or be exposed to.	YouTube Alternative, Documentary
WatchKnowLearn	http://www.watchknowlearn.org/	WatchKnowLearn takes videos from YouTube, Teacher Tube, etc. as well as full length movies and t.v. programs and posts only school approved sites. Usually not blocked by school filters.	W.K.L. takes all of their uploaded video and breaks them down by subject area and age. Need a video for 8 th Math on a specific topic. It is only a click away. THE BEST PART- it has a video for every poem, book, story from the Common Core Exemplars! AMAZING!	YouTube Alternative, K-12
Khan Academy	http://www.khanacademy.org/	With over 3,200 videos on everything from arithmetic to physics, finance, and history and hundreds of skills to practice, we're on a mission to help you learn what you want, when you want, at your own pace.	The videos are great but the real power is in the coaching session. Students complete math problems earn points, pass levels, and have the available help video right there.	YouTube Alternative, Mathematics

Name	Address	What is it?	Why I Love it?	Category
BrainPop	http://www.brainpop.com/	Animated Science, Health, Technology, Math, Social Studies, Arts & Music and English movies, quizzes, activity pages and school homework help for K-12 kids	Although this is a paid site, they offer one free video a day. After each short video there is a 3 question quiz.	YouTube Alternatives
Mathematics in the Movies	http://www.math.harvard.edu/~knill/mathmovies/index.html	Mathematics in Movies is a collection of video clips from popular movies and television shows in which references to mathematics are made.	You have clips from the movies that you would expect but also a ton that were surprising to me. Would defanitly be something fun to add to your typical math class.	YouTube Alternatives
History for Music Lovers	http://www.youtube.com/user/historyteachers	A group of high school history teachers (a VERY talented group) has made several videos to the tune of popular songs to teach a history concept.	The Black Death to Gwen Stefani's Hollar Back Girl. Every time I have used this site with students they have LOVED it. Don't be surprised if they walk away singing "Fleas on Rats, Fleas on Rats"	YouTube Channel, JH/HS History
Harry Kindergarten	http://www.youtube.com/user/HarryKindergarten	A Kindergarten teacher from Pennsylvania creates a video for most holidays and topics that his students are working on.	Tons of preschool, kindergarten, or first grade appropriate videos. I love that I can always trust the content. One of my student's favorites has been the snowball fight alphabet songs.	YouTube Channel, Kindergarten
